Celebrating 10 years of impact

The challenge children are facing

4x

Children from low-income families are **4x more likely** to experience poor mental health

Children eligible for free-school-meals are **4x more likely** to be suspended from school

In 2026, **1 in 5 children** and young people have a likely mental health problem

The children we work with

Every child we work with brings their unique strengths, interests and ambitions. All face interconnected challenges at home, in school and in their communities. When children begin their AllChild Impact programme:

90%
are affected by poverty

100%
start the programme with a social and emotional presenting need

30%
are diagnosed with special educational needs

27%
are persistently absent from school

74%
of children are behind age-related expectations in English and Maths

Over the past 10 years

Supported 7,500 children and young people and their families

Link Workers have provided **293,031 hours of formal support**

Worked with **78 schools in 15 communities**

£50 million raised through public, private and philanthropic funding to support children and young people's outcomes

We've connected 569 local charity and community partners to children and families

Mobilised partnerships in **3 regions in England**

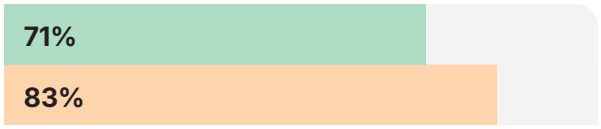

ALLCHILD
Celebrating 10 years
